Conclusion of the transition phase at Avobis

As part of the reorganisation of the Avobis Group, Avobis Invest AG and Avobis Advisory AG, among others, were acquired from Avobis Group AG by the newly founded Anchovis Investment AG on 16 August 2024. This transaction marks the end of a transition phase that has been ongoing since the beginning of the year. It enables the employees of Avobis Invest AG and Avobis Advisory AG to further expand their business under the same name and with the same range of advisory and other services in a new shareholder and organisational structure and to move on to new horizons.

The legal reorganisation of the Avobis units concludes the previously announced division of the Avobis Group. The existing units Avobis Invest AG and Avobis Advisory AG will continue to offer their services under the Avobis name with the same employees. Avobis has been a driving force in the real estate industry for over 25 years, specialising in real estate consulting, developments, financing, transactions, mortgage servicing and the development of tailor-made investment products.

Since spring, the Avobis Group has had a new investor and Chairman of the Board of Directors in the person of Andrin Waldburger, who has implemented the reorganisation of the Avobis Group and is now steadily driving its business activities forward. The two already independently managed subsidiaries Rimaplan and Centerio have also been integrated into Anchovis Investment AG as of 16 August 2024. The business activities of another subsidiary, VERIT Immobilien AG, were transferred to Privera AG on 1 July 2024.
